My scarlet woman confined in dreams
Possess my soul and vanquish me
You live inside my mind released
I taste your soul it tastes like me
My scarlet woman who lives within
Your name unknown your face unseen
My scarlet woman who lives inside
Come forth from dreams and come alive

My scarlet woman who lives inside
In dreams we meet and come alive
My scarlet woman conceived by me
My soul undressed I give to thee
My scarlet woman who lives within
Your name unknown your face unseen
My scarlet woman who lives inside
Come forth from dreams and come alive

My scarlet woman who dwells in me
My soul undressed I give to thee
My scarlet woman who breeds in sleep
In dreams I cum and think of thee
My scarlet woman who lives within
Your name unknown your face unseen
My scarlet woman who lives inside
Come forth from dreams and come alive
My scarlet woman who lives inside
Come forth from dreams and come alive
