"Three Is An Orgy And Four Is Forever"

One, is for liberty
Two, is for evil
Three, is an orgy
Four, is forever

There are circles of forever, made of fire made of
stone
There are circles of a lifetime, made of silver made of
gold

Five, is a star
Six, is for the beast inside
Seven, is for the plunging of gods
Eight, is where it all begins again....

One, is for the soul
Two, is for the women
Three, is an orgy
Four, is forever

There are circles of forever, made of fire made of
stone
There are circles of a lifetime, made of silver made of
gold

Five, is for the sun
Six, is for lust
Seven, is for the fallen angel
Eight, is where it all begins again....

There are circles of forever, made of fire made of
stone
There are circles of a lifetime, made of silver made of
gold
