I, insectica
Fly thru dimensia
You give me more than meets the eye
You give me more than I can't deny

A thousand eyes thru your soul
A thousand eyes over me
Your power eclipses me
As I take my place beneath thee
I want to be in your colony
I want to serve your queen
For the venom through iron wings
Still beats in symatry

Deathray deathray you're gay deathray

Straight to my heart
She tears apart
You have the right to remain in pieces
You have the right to own my heart
Now I am a part of your colony
Now I live to serve your queen
As the venom through iron wings
Still beats in symatry
