Time's running out,
I fear I don't have much left to share
Beyond any doubt
There's so much love left in there
Inside my afraid heart
I just want to love ya before I leave

Well, I know nothing's for sure
But doctor says I'm gonna go,
I'm losing this fight
But not done yet, no, not tonight
'Cause I know, I know,
I just want to love ya before I leave

We are all just moments
Passing by one another in this life
And sometimes these moments
Find each other
Don't dare let that go
And cherish every second here
Just let your love show
Say what you feel, let what you feel
'Cause I know, oh, I know,
Just want to love ya before I leave

It's getting harder to see
And daylight's turning into dark
Feeling lost and sick,
Still waiting to feel some little spark
'Cause I know, oh,
I just want to love ya before I leave

Someday you'll understand
My constant sense of urgency
No, I can't just pretend
This is not an emergency
'Cause I know, oh, I know,
I just want to love ya before I leave

We are all just moments
Passing by one another in this life
Oh, and sometimes these moments

Find each other
Don't dare let that go, no,
Cherish every second here
And just let your love show
Say what you feel, let what you feel
'Cause I know, oh, I know,
I just want to love ya before I leave,
Uuh...

We are all just moments
Passing by one another in this life
Oh, and sometimes these moments
Find each other
Don't dare let that go, no,
Cherish every second here
And just let your love show
Say what you feel, let what you feel
'Cause I know,
Just want to love ya before I leave,
Hmm...

'Cause I know, oh, I know,
I just want to love ya before I leave...
