Here's my genius plan to make superior man
Anatomically built
This half corpse can't guilt

Try to fight your innocent heart
You drove me to tear apart
Shater glass, shater ribs
Never heard when it's time to guilt

Until bottoms, we say die
You are our teacup passing up
Dr.dead... let us live
This is our era close to get...

Savage trees...

Save us please...

I'll be loved
JOLLY!... can't you see

(WHAT THE FUCK IS THIS)
(O'H it's THE BASE)

Welcome to
You think of me...
It's up yours... but follow me
O'h jolly to jolly, lay your face
We are all right... the human race
It's right we could be together
Like a friends which will never...
Broke a treaty for so long decided
To keep their favorite song... ah!
