And everything's alright  
I'm gonna give you some love tonight  
Go on and turn out that light,  
You better get ready, better hold on tight

Go on and kick off your shoes, yeah,  
Your tiedyed shirt, your trousers too  
Well, I know you know what to do  
Gonna make sweet love to you

There's something you gotta understand,  
Nothing comforts me, me and my man  
So tell me, darling, don't you feel the same  
It seems to me though I'm playing games

Baby, won't you put your guitar down,  
I've got what you need,  
Stop fooling around  
Don't get me wrong, boy, love that sound  
But, honey, please won't you  
Put your guitar down,  
Hey, yeah...

You look so fine playing old Susie blue, oh,  
I think you love her,  
Wondering you know who  
My fire's burning, so comfort me out  
And won't you play me  
And put your guitar down  
I said won't you play me  
And put your guitar down

Yeah, yeah, yeah, hmm...

And everything's alright  
Get over here, hold me tight  
Put your guitar in the corner,  
Baby, do what you do  
Susie's got the blues now that I've got you  
Said Susie's got them blues  
And I've got you  
And I just want to make love to you,

Yeah,  
I'm gonna make sweet love to you,  
Yeah, oh,  
Hmm...
