Close the door, close your eyes.
Leave the day behind.
Until the morning comes, you're mine.
Safe from the world outside.

Let me into you, I'll take you where you need me to.
Touch places left unsung, and baby when we're done...

CHORUS:

I will sing you to sleep.
Your soul and your secrets I'll keep.
And while the night gently creeps...
With you lying next to me
I'll sing you to sleep.
I'll sing you to sleep.

A simple melody...
Caressing you so tenderly.
I wanna give to you what you give to me.
Forever, for eternity.

As I lay with you, the dreams I dreamed are coming
true.
I could never do enough, I've only just begun...

CHORUS

(La la la la la)
I'll sing you to sleep
(La la la la la)
With you lying next to me...

Let me into you, I'll take you where you need me to.
Touch places left unsung, and when the rest is done...

CHORUS

I'll sing you to sleep
(I'll sing you to sleep)
With you lying next to me, lying next to me.
(I'll sing you to sleep)

(Fade out)
