How good it feels for me  
You smell great disease  
Cause we're young  
Fell in from the stars  
When your skin is shead  
And a pile of your heads  
Now then, I'll look so smart

Stove burns on my hands  
Show them to my friends  
Make you participate  
Eyes roll back around  
When skulls hit the ground  
Visions of the hosiery

I'm suppose to interfere  
I'm coming from your fears  
When they wander into their cage  
Sew their arms and thighs  
And their rubber covered eyes  
Their skin will never age

Stove burns on my hands  
Show them to my friends  
Make you participate  
Eyes roll back around  
When skulls hit the ground  
Visions of the hosiery

Stove burns on my hands  
Show them to my friends  
Make you participate  
Eyes roll back around  
When skulls hit the ground  
Visions of the hosiery

Stove burns on my hands  
Show them to my friends  
Make you participate  
Eyes roll back around  
When skulls hit the ground  
Visions of the hosiery

Stove burns on my hands  
Show them to my friends  
Make you participate  
Eyes roll back around  
When skulls hit the ground  
Visions of the hosiery

Make you participate
