[Music: Mikael Dahl o Lyrics: Mikael Dahl, Andreas Gotesson]

And so the story began with me falling  
Into a dream where the forest were calling  
Closer and closer the twilight was dragging  
Me down to the unknown

So here I am all alone in the tree land  
Feeling the wind of my fate close at hand  
Creatures of the night begins to take form  
I'm surrounded now

[Pre-Chorus]  
I don't know how it all began  
I can't remembere anything  
Yesterday's forever gone  
I am trapped in a place beyond time

[Chorus]  
And the moon is shining bright over the forest  
And the creatures of the night won't let me rest  
Beyond reality - for no one to see  
Dark is the dream - no one hears my scream  
I can't stand those staring eyes  
Eyes of the forest gloom  
Eyes of the forest gloom

Predator eyes that watch me intensely,  
Their gaze from the shadows are burning me slowly  
Hunted I search for my way through the dreamscape  
And it's feel so real

Will I survive? I have to wake up,  
But deep inside I know that I'm trapped  
Lost in a dream that's no longer a dream  
My life is flashing by

[Pre-Chorus]  
[Chorus]

[Bridge:]

Silver moonbeams light my way with their glow  
Yet, gnarled trees rip my skin as I go  
Deeper down into the ominous gloom  
I'm afraid this path is leading to my doom

[Solo: Nyberg - Dahl]

[Pre-Chorus]

[Chorus]

And so the story ends with me dying
