I guess this is how the story always goes,
I find someone and I pull them too close
Then it's goodbye and my hearts broke in two,
I'm all alone all I think of is you.

I can't let go I get stuck in the past,
Should have known we could never last,
All those lies, all the things you concealed.
Well all these scars, in time they'll heal.

Gotta take it day by day,
Gotta keep my head above water,
Take control of my life, and,
Learn to fight that little bit harder.
I can be strong if I try,
I'm gonna push you out of my mind,
Ohhh baby, I'm gonna get over you.

You held my heart in the palm of your hand,
But you still thought it fun to mess me around,
You've lost you chance, in time you'll see,
When you're down don't come running to me.

Gotta take it day by day,
Gotta keep my head above water,
Take control of my life, and,
Learn to fight that little bit harder.
I can be strong if I try,
I'm gonna push you out of my mind,
Ohhh baby, I'm gonna get over you.

Over you... ooh ooh
Over you.

Gotta take it day by day,
Gotta keep my head above water,
Take control of my life, and,
Learn to fight that little bit harder.
I can be strong if I try,
I'm gonna push you out of my mind,
Ohhh baby, I'm gonna get over you
