I'm falling down I can't let go,
the pain is back, I'm losing self control.
My dreams are breaking us apart
I wishing we could've felt it from the start.

I'd never need you,
why would I need you?
You've got me spinning round and round.
I wanted to be, Wish I could be,
shedding tears without a sound,
Remember the days, I thought about days,
I thought I was lost but now I'm found.
Don't you see that, I never lost
'cause my love found it's own,
underground
lalalalalala
lalalalalala
lalalalalala la lala la lala la lala la
underground

I feel these thoughts they still remain
and you hold too tight, till you think about my name
don't want to play those tricks on you
I left you far behind, move on to someone new.

I'd never need you,
why would I need you?
You've got me spinning round and round.
I wanted to be, Wish I could be,
shedding tears without a sound,
Remember the days, I thought about days,
I thought I was lost but now I'm found.
Don't you see that, I never lost
'cause my love found it's own,
underground
