I'm falling down I can't let go
The pain is back, I'm losing self control
My dreams are breaking us apart
I'm wishing we, kind of felt it from the start

I never need you
Why would I need you?
You've got me spinning round and round
I Wanted to be
Wish I could be
Shedding tears without a sound
Remember the days
Thought of the days
Thought I was lost, but now I'm found
Don't you see I
I never hide
Caues my love, found its own, underground

La la la la la
La la la la la
La la la la la la la la la la la underground

I guess your thoughts, they still remain
When you hold too tight, you think about my name
Don't wanna play those tricks on you
I left you far behind, I'm onto someone new

I never need you
Why would I need you?
You've got me spinning round and round
I Wanted to be
Wish I could be
Shedding tears without a sound
Remember the days
Thought of the days
Thought I was lost, but now I'm found
Don't you see I
I never hide
Caues my love, found its own, underground

La la la la la
La la la la la

La la la la la la la la la la underground

La la la la la

La la la la la

La la la la la la la la la la underground
