[Top dog]

Damn man smoking a big ass bob marley spliff  
Got my shit dry right now gotta get something to drink  
That's my word  
Pull over to this fucking curb right here  
Damn shorty what the fuck you doing yo?  
Yo get the fuck out my car close my door man  
Before I smack the fuck out you that's my word

Bon voyage like tracy chapman ya' better slow down in  
fast cars  
Chillin in my whip and listening to chico debarge  
Since arge, got a rap nigga like me listen to r&b  
Yo pardon me, which one of y'all hard niggas said  
That I listen to r&b reggae and bust raps fuck that  
I heard a lot of shortys you be hounding ya'll  
O.g.c 98 every one accounted for still  
With my girl and I smoke big spliffs  
Listen to ll and watch will smith  
Ahh shit everybody asking will the game change  
If you remain the same then the game will never  
change,  
What it be like, me and my niggas ge ce alike  
We the type of niggas you don't really wanna get hype  
Cause we might start acting up in your club  
Cause we don't give a fuck cause we real niggas so  
what?

[Louisville]

Yo come here, stop acting like that  
Go ahead walk down here to the bar  
Yo son I'll met y'all on the floor aiight

Aiiyo I was in the cut rolling up felling kinda twisted  
Fuckin with this shorty while I asked her if she missed  
me,  
She boldly had told me that all I wanted her panties  
Get her home and fill her up with henny,  
I didn't call she was alone that night  
And for some reason dj spins brian mcknight  
That's all I heard my word son she sang the song  
Asking the ville was I on ya' mind at all?

I try to to say na but hell yea came out I couldn't spit it  
out  
Tell her what this shit was about  
Maybe I'm movin too fast cause I want that ass  
Before I jet from the scene let me count my cash,  
They call him henny villie  
That is good and plenty you gotta just love this shit,  
The more I look the more I look the more I wanna dick  
this chick,  
But then my niggas call gotta get her out to the whip.

[Starang]

To all my new york niggas gotta bounce to this  
Grab your blunt or your leaf smoke a ounce to this  
Where ever y'all niggas is it, ya gotta spark up ya splif  
Cause only o.g.c can put it down like this  
To all my west coast niggas gotta bounce to this  
Grab ya blunt or ya leaf smoke a ounce to this  
Where ever ya niggas is at ya gotta spark up ya splif  
Cause only o.g.c could put it down like this

[Starang]

Yo doc, I just hung up with my ex,  
She tried to flex like funk master  
I got my gun in my lap I can't get to my trunk faster  
Smoke this weed first and then we get drunk after  
Cause at home bitches suck on my dick like a pacifier  
For real man will ain't no liar  
Word up word up I smoke and smoke and smoke  
Until I can't get no higher  
Yo hit him in his lip, now what ya teeth is on  
My right hand let y'all know that the beef is on  
Cause this rap cat's got all these gay niggas wanna be  
em  
Hell yea easy lp gonna get it when I see him  
Word up I learned that from my wild niggas out in c.l.  
Aiiyo charlene hold my jacket let me handle my b.l  
Starang just ya' averege joe like g.l.  
To my man lil and grant, when I see em on his v.l.  
But I stay on the move that's what I whip the black  
range four,  
Big face benny for chicks to get change for  
For real what up I had to up my credentials  
Then move change my area to residential  
Call from dru ha get the memo that I sent you?

L.e.x two(2) hours niggas had two(2) rentals,  
Back in 95 I was a rapper with potential magnum p.l.  
Every thing confidential,  
Even at j.f.k niggas talkin  
While I'm walkin in puffy on the radio  
Aiiyyo I'm back in new york again

[Starang]
