That this time would come so soon  
I never thought that it would  
I didn't get to prepare my heart  
So I'm very nervous

Sometimes the topic would come up  
And even though I knew where the rooms were  
By myself, I'd imagine where it was  
And that room would be right here

To the humble person you are  
You are somewhat shy in the corner

Oh, neither of us has had our first kiss yet  
Being in this room makes it feel like first love  
If we try to love each other, that is great  
Even though nothing's happening yet, it is great!

For some reason or another, the two of us  
Our voices always grow louder  
Following it up, we always grow frantic  
And that is the role we play

Our aim was to watch a video  
Even though we watch it, we're drawn to the sky above

Oh, neither of us has had our first kiss yet  
There's no way that we would just return home after  
this  
Both of us hide our fast beating hearts  
The two of us will remain quiet so let's open up our  
hearts

Oh, we if we try to love each other, that is great  
Even though nothing's happening yet, it is great!
