Looking at my fading dreams
while your hand grazes my face
I sail in the sea of memories

You can't hear my cry of pain
in this Night without a moon
You can't feel the weight of your mistakes
Make your choice

Watching the screen of life
while your hand weaves my mask
I see the shadows of my past

You can't hear my cry of pain

in this Night without a Moon
You can't feel the weight of your mistakes
Never ever!

Listen to these words,
poetry of a shattered Dream,
No tears for you,
Now you know you waste
your Life's best Days
Rise your spirit and your soul
Cloudless Sky,
bewitch me tonight!
