Moonlight shines over the town,
People sleep and await a new day,
Silent shadows move in the night
While the bells toll the sad presage.
A scream from a distance, a Child cries,
Ancient prayers dissolve in the rain.
Prisoners between the ground and the Stars
Imagining a World where the Darkness reigns again.

Sunlight is coming changing this world,
People wake up to another grey day,
Adorned bodies move through the town
While rays of fire are burning all dreams.
Golden bells await Midnight
When the Black lord dances in the Church.

Prisoners between the ground and the Sun
Imagining a World where the Darkness reigns again.

This is the Legend of a secret World
everyday, everynight our Souls fly free!
When the bells toll for us,
when a scream at midnight breaking the Silence,
will we be ready for the fight?

When the Light is fading
And the Silence rises
My Lady is coming to carry me away
The Dark a sweet devotion
The Stars light my soul
An Angel will come to show me the way...
Let me see the way...
Let me dream again...
Carry me away!
