He sits alone by the window
The rain falls down on the glass
In the cold of my life I'm waiting in the sun
He'll never come, I'll never see you

She sees the tears in his face
The rain falls down on the glass
Spirits move without love, this is the story of my life,
Don't be afraid, this is the End!

Close your eyes and try to remember

The end of all dreams

Whispers for you in the game of lullabies
I saw the world with your eyes
Whispers for you in the game of secrets
You feel the pain through my tears

I believe in your dreams
There's no need to hide the fear inside
So I will return,
To dream of you again
