Mistress of blood
Sentenced impurity
Intrigues of night
Follow your journey

As answers just sights
Blue-blood esiuency
Fills up the doom
That hangs over ya

... you recieve me so lovely
Like gates of the graveyard
... your whisper like soothsayer's curse
Spreads upon the blue sky

Mission so cruel
Has the hell entrusted you
(Ancient) walls taciturn
Hear the laments from dungeon

Black curtain of scorn
Good became devilry
Deep voice of the storm
Rolls in the darkness

... you recieve me so lovely
Like gates of the graveyard
... your whisper like soothsayer's curse
Spreads upon the blue sky

They behaved to you like fallen angel
And taken you as abortion
(You) dropped down where you'll not rise from
But you spirits lives in us all
Let the sad screams of your
Dissenters till death follow them
The dream has vanished
Like the shadows of the night at the dawn

Many years of Gorgoroth
And sins upon my shoulders
Became the tales for gloomy eves

Open your arms for darkness

The time I spend lost in thought
The resources you invade me
Your words like a death bell sound
For my ears, and they're bleeding

I stray alone in uplands coves
The desert wood surrounds me
Leaf damps off and falls away
Moon has filled, and wolves are howling
In (it's) light...

... Desire falls in the grace of the night
