Feed me. Heed me!
This is real. This pain inside I feel.
To vanish in my life. All in vain, but the memories will
remain.
To haunt me in my strife.
Do it your way.
But I am hungry for your blood.
Please leave my kind alone.
Leave me alone.
I am hungry for your blood.
My search in life is filled with pain.
Feed me. Heed me!
Feed me with your pain!
Do it your way.
But I am hungry for your blood.
Please leave my kind alone.
Leave me alone.
I am hungry for your blood.
My search in life is filled with pain.
Feelings of doubt. Æµ
Deep within abound.
Rivers of tears wash away my fear.
Will I ever be by your side wherever we'd go?
You're my brother.
You're my best friend.
Only we will know.
I stared into your eyes each day.
Now I'd wish it could be for real.
Would you ever look into mine if you'd know how I feel?
I will not break in the shadows of deceit.
All love not lost.
Nothing gained.
Doesn't matter the cost.
Leave no regrets.
No control upon my soul.
Leave me alone.
Stay with me.
And feel the grip of my despair.
Contradiction reigns!
Driving me insane!
Do it your way.
But I am hungry for your blood.

Please leave my kind alone.
Leave me alone.
I am hungry for your blood.
My search in life is filled with pain!
