Translation:

And, behold, I, do bring a flood of waters upon
The land, to destroy all flesh,
Wherein is the breath fo life,
From under heaven, and every thing that is in the
Land shall die€;and I shall wipe away
The world I created upon the land.

May the lord eternal save his troubled child

As he passes through rain and storm

Behind the walls of this hallowed ark of wood

Our prophets found a revelation, which they have
understood

Onto the lands of fearful heaven comes a flood erasing
all

Landing as if a ruthless bird of pray to crush all human
souls

The lightning colors the sky with flames of light

Hell shines above us and fires bright

Erasing the works of the common man, all we hold dear
is set alight

Translation: â€|In the seventh day of the month, the
same day were all the fountains
Of the great deep broken up and the windows of
heaven had openedâ€|
â€|And the waters of the flood, were upon the landâ€|

Shattered glass reflects this shattered world, barren is
the landscape here

Thunder roars as a lion caged, heat that comes like
waves of fear

Oceans rise and rage as we watch the world powers fall

Redeeming their sinful ways with their souls

May the truth fill their hearts, let them see the light,
when they embrace their gods

Translation: â€|and the face of the land was deadâ€|

Whoso sheddeth man's blood, by man shall his blood
be shed.

Seas cover the works of timeless art

That once brought joy to human hearts

In halls of infamy this day shall live

Like the burning of Rome and betrayal of Eve

Like the fire raised at the witches' stakes

Return all earthly possessions

As ashes you return to earth, child of God, to face the
divine lord who sits upon the throne - eyes sad

Go in peace and find thy faith

Evolve thy self and lose all hate

So a heaven you may creat

In this world of sorrowful ways

None shall live to see the light of day

Some may survive to tell this tale

If their belife shall conquer this gale

Damnation is the punishment bestowed

El Norra Alila the vengeful God
