Day by day memories hurt inside.
Watch him pay while he keeps on sliding down.
Day by day memories hurt inside.
Watch him pay while he keeps on sliding down.
What do I need in my pityful decline?
Can't cope at all with the stain you left behind. Åµ
I don't need your help 'cause my soul cannot be saved.
Wasting away.
See me dancing on my grave.
I see the end of my world.
I see the end.
I see the end of my world
The end is in sight.
What do I need in my pityful decline?
I can't cope at all with the stain you left behind.
Give me just what I want.
What I need I get.
Your talk is full of shit.
I'm full of life, you bet.
Shut up your face!
Where is he?
This man that I used to know?
Where is he?
This man that I used to know?
Day by day memories hurt inside.
Watch him pay while he keeps on sliding down.
Shine on like a star.
Call me from afar.
Space.
See me fly high.
Feel the XTC.
Burn inside of me.
What do I need in my pityful decline?
Can't cope at all with the stain you left behind.
Don't need your help 'cause my soul cannot be saved.
Wasting away.
I'll be lying in my grave.
This is the end of my world.
This is the end.
This is the end of my world.
My own downfall is here.
Day by day memories hurt inside.

Give me just what I want.
What I need I get.
Watch him pay while he keeps on sliding down.
You're talk is full of shit.
I'm full of life, you bet.
Shut up your face.
