The beast within has just arrived.  
It got me confused. It struck me blind.  
Bad habits will die hard.  
To see you here so close so near.  
Give yourself to me.  
I'll be the captor of your heart.  
Morality I cannot find.  
Like it's out of sight, out of mind.  
My lust is growing stronger.  
All values gone. All will be done.  
Give yourself to me.  
You will be amazed of my disgrace.  
Come to me I'll tell you, you're wildest dreams.  
Fantasy I'll give, you XTC.  
Got to stop. Wake me up.  
Face the facts.  
I'm drowned.  
Weakness of flesh. Æµ  
Wake me up and face the fucking facts.  
I'm drowned in Weakness of flesh.  
Come to me I'll tell you, you're wildest dreams.  
Fantasy I'll give, you XTC.  
Got to stop. Wake me up.  
Face the facts.  
I'm drowned.  
Weakness of flesh.  
Wake me up and face the fucking facts.  
I'm drowned in Weakness of flesh.  
I can't resist desires so sweet.  
I betrayed my love admitting defeat.  
And with your life your pleasure left behind.  
Where you can see that you must have been blind.  
Feel me. Believe in me.  
I'll die without my values and trust.  
To satisfy my hunger for lust.
