Put your headphones on and listen  
Put that brand new sound and forget her  
Raise your voice and sing until the end  
Let your shame behind and scream again

Take this train  
Leave your pain, then listen  
Listen to this deadly painful sound  
Your heartache  
Right and left, just listen  
Listen to this deadly painful sound

You feel so down and you just want to throw all away  
The things you've been carrying have always been too  
heavy for your back

Take this train  
Leave your pain, then listen  
Listen to this deadly painful sound  
Your heartache  
Right and left, just listen  
Listen to this deadly painful sound

Put your headphones on and listen  
Put that brand new sound and forget her

Take this train  
Leave your pain, then listen  
Listen to this deadly painful sound  
Your heartache  
Right and left, just listen  
Listen to this deadly painful sound
