I am staring at the clock, this time  
I won't get anything at all  
Watching telly, nighttime remedy  
I won't get anything at all

I'm lying on my bed  
My thoughts are shaking in my brain  
And it's never ending, it's never ending  
It never ends at all  
So deeply in the night  
I cannot close my eyes  
I cannot find no, I cannot get no  
Any rest at all

There is something  
(Lying under)  
There is something  
(Under my bed)  
There is something

There is something  
(Lying under)  
There is something  
(Under my bed)  
There is something  
No, I won't get no any rest 'cause

I am staring at the clock, this time  
I won't get anything at all  
Watching telly, nighttime remedy  
I won't get anything at all

I'm staring at the clock  
Just waiting for something more  
It's never coming, it's never coming  
You know it'll never come  
Tonight I'm so afraid  
'Cause there's a monster under my bed  
And it's never leaving, it's never leaving  
It never leaves at all

There is something

(Lying under)  
There is something  
(Under my bed)  
There is something

There is something  
(Lying under)  
There is something  
(Under my bed)  
There is something  
No, I won't get no any rest 'cause

I am staring at the clock, this time  
I won't get anything at all  
Watching telly, nighttime remedy  
I won't get anything at all

You gave up praying 'cause you know  
There's no hope anyway  
You figured out you're not eternal  
Could have been yesterday  
But you're still probably fucking watching TV all night  
long
