Reflected light
Over mountains in skies
Attracting the braves
But shine so bright
That crystal born
Inside the stone caves
In stained morning dew
And tears of the elves
Tell me dad what was in beginnin' of all
I want to know
Answer me who was elves and gnomes
Where they hiding?
Tell me about heroes of the ancient world
Why they gone out?
Answer me why the people lying today
Before the face of God?
Please tell me now!

Ravens spinning round
Over mountains of Bohemia
Ravens feel the warm flesh,
Ravens see the crystal castle
Which stand on rock
But around stands besiegers armies
Last elves throwing arrows
From the crystal walls

They shields the friends
Who departs from the land of mortals
They know their time is pass
New god taking over
Desecrating the air by his breath
New god with mild smile and sword

Snows turnin' red by the blood,
Crystal fragments over
Nature's creatures
Are howling leaving that land
Firstborn goin' west
Beyond great ocean plain
Somewhere foreign lands
Will hear their splendid songs

They blinded by tears
Goin' out from their Motherland
Where they got the life
In beginnin' of the all
New god taking over
Desecrating the air by his breath
New god with mild smile and sword
