In my dreams  
I'll touch the sky  
In my screams  
Thousands of wolves cry  
I'm over time  
Burn day to night

Rain and snows in my left hand  
Thunders and lightnings in my right hand  
Stars in my eyes  
Sun in my crown  
I rule the winds  
Am I God?

Strongest rain  
Cleans the face of Earth  
Falling snows  
Dress her in white clothes  
I'll take your life  
You'd soil the light

Fires of spring  
Blast of green  
Black summer night  
Silence and pride  
Stars in my eyes  
Sun in my crown  
I'll kill mankind  
Am I God?
