Stressing 'bout directions
But you never wanna wait on it
Shopped for everything you wanted
Got it and you hated it
Making yourself happy with material things
That makes you crazy

Working hard
Nine to five and it's all about the sweat
Rikai dekinai
Tell me how do you deal with that stress?
Getting paid
Now do you ever have time to just do you?
Got it made
But when the money's gone, what you gonna do?

Stressing 'bout directions
But you never wanna wait on it
Shopped for everything you wanted
Got it and you hated it
Making yourself happy with material things
That makes you crazy

Let's go out tonight
So we can have a good time
Don't want you to be uptight
We can do anything you like
You need to chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy
Throw your hands up if you feel me

Slow it down
And turn the music up
Come on it's party time
Start dancing and you'll smile
If you just chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy
Your trouble's away

Kick back relax
If you wanna unwind, loosen up let your body
decompress
Tossing and turning
Make you calm when you're feeling restless
Leave all your problems
'Cause this party is your oasis
Now all you need is a tight fit
Hot music and a few friends with smiling faces

Stressing 'bout directions
But you never wanna wait on it
Shopped for everything you wanted
Got it and you hated it
Making yourself happy with material things
That makes you crazy

Let's go out tonight
So we can have a good time
Don't want you to be uptight
We can do anything you like
You need to chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy
Throw your hands up if you feel me

Slow it down
And turn the music up
Come on it's party time
Start dancing and you'll smile
If you just chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy
Your trouble's away

You never know unless you try
To break out of the day to day grind
So tonight leave it all behind
When you hear the music, just get into it
Find out what it feels like to be free

Stressing 'bout directions
But you never wanna wait on it
Shopped for everything you wanted
Got it and you hated it
Making yourself happy with material things
That makes you crazy

Let's go out tonight
So we can have a good time
Don't want you to be uptight

We can do anything you like
You need to chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy
Throw your hands up if you feel me

Slow it down
And turn the music up
Come on it's party time
Start dancing and you'll smile
If you just chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy

Let's go out tonight
So we can have a good time
Don't want you to be uptight
We can do anything you like
You need to chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy
Throw your hands up if you feel me

Let's go out tonight
So we can have a good time
Don't want you to be uptight
We can do anything you like
You need to chill out and let go sometimes
Feel free to let yourself say
Kirakuni take it easy
Your trouble's away
