A long and lasting love
Not many people find it
But those who do their whole life through
Put their heart and soul behind it
A long and lasting love

A long and lasting love
Is what I always dream of
And when I look into your eyes
I knew I've really seen love
A long and lasting love

Now that you're in my life
I'm gonna make you stay
I'll have to be some kind of crazy fool
To let you get away

Now that you're in my life
I'm gonna make you stay
I'll have to be some kind of crazy fool
To let you get away

A long and lasting love
We share for many reasons
A special bond that goes beyond
The changing of the seasons
A long and lasting love

A long and lasting love
Is someone I can care for
Someone to be there for
The rest of my life
A long and lasting love

Now that you're in my life
I'm gonna make you stay
I'll have to be some kind of crazy fool
To let you get away

A long and lasting love
Is someone I can care for
Someone to be there for

The rest of my life
A long and lasting love
A long and lasting love
