I see you standing by the light in the window of my  
bedroom

That old moon has never shined as bright as it's  
shining now on you

I see a new star in the heavens for us tonight  
I've been waiting for you most of my life

Now that we're together and we're where we belong  
I can't help but wonder why, why did it take so long

Sometimes it takes too much time to find the right one  
to say

I wanna make you mine, I wanna make you mine  
Be with you all the time  
And be the only light in your eyes that ever shines

Sometimes it takes too many roads to reach the right  
one to say

Here's where I wanna be, oh, what you mean to me  
When we're making love  
I'll spend the rest of my life with you making up for lost  
time  
Making up, making up for lost time

I turn around and get lost in the look that you give to  
me

I drift away when I hear you say you've only lived to  
find me

Darling, let me hold you in my arms, darling, oh, so  
tight

I've been waiting for you most of my life

Now that we're together and we're where we belong  
I can't help but wonder why, why did it take so long

Sometimes it takes too much time to find the right one  
to say

I wanna make you mine, I wanna make you mine  
Be with you all the time  
And be the only light in your eyes that ever shines

Sometimes it takes too many roads to reach the right

one to say  
Here's where I wanna be, oh, what you mean to me  
When we're making love  
I'll spend the rest of my life with you making up for lost  
time  
Making up, making up for lost time

We never spent together, lost time  
Better late than never, lost time  
You know we'll be everyday  
Making up, making up for lost time

We never spent together, lost time  
Better late than never, lost time  
We never spent together, lost time
