Crystal Gayle & Gary Morris

I see you standing by the light in the window in my
bedroom

That old moon has never shined as bright as it's
shining now on you

I see a new star in the heavens for us tonight
I've been waiting for you most of my life

Now that we're together and we're where we belong
I can't help but wonder why, why did it take so long

Sometimes it takes too much time to find
The right one to say I wanna make you mine
I wanna make you mine, be with you all the time
And be the only light in your eyes that ever shines

Sometimes it takes too many roads to reach
The right one to say here's where I wanna be
Oh, what you mean to me when we're making love
I'll spend the rest of my life with you making up for
lost time
Making up (making up) for lost time

I turn around and get lost in the look that you give to
me
I looked away when I hear you say you only lived to find
me
Darling let me hold you in my arms, darling oh so tight
I've been waiting for you most of my life

Now that we're together and we're where we belong
I can't help but wonder why, why did it take so long

Sometimes it takes too much time to find
The right one to say I wanna make you mine
I wanna make you mine, be with you all the time
And be the only light in your eyes that ever shines

Sometimes it takes too many roads to reach
The right one to say here's where I wanna be
Oh, what you mean to me when we're making love

Iâll spend the rest of my life with you making up for
lost time
Making up (making up) for lost time
Whenever spent together, lost time
Itâs better late than never, lost time
You know weâll be everything making up (making up)
for lost time
Whenever spent together, lost time
Itâs better late than never, lost time
