[Originally by Daniel Johnston]

We have sinned so many times before:
We see no need to turn back now
'cause we're the world the wicked world
Marching to hell
We know what we're doing We're marching to hell

Come and join have some fun
Dance in joy beneath the neon lights
'cause we're the world the wicked world
Marching to hell
We know what we're doing We're marching to hell

We're the world the wicked world
We do whatever we please
Forget you're sow your wild oats and sin is a
Wonderful disease, lie steal it's alright
We have no worries for tomorrow

'cause we're the world the wicked world
Marching to hell
We know what we're doing We're marching to hell
We're the world the wicked world
We don't believe in God We don't believe in anything
We find that to be rather odd we paint ourselves
As our bodies start to decay
Getting closer everyday we have sinned so many times
before
We see no need to turn back now
'cause we're the world the wicked world
Marching to hell
We know what we're doing we're marching to hell
