(Betty Sue Perry)

Hey, hey, hey Bartender  
Come to set me up another round  
Hey, hey, hey Bartender  
Got a lotta troubles I must drown.

Well, did you guess it's love, it's love  
It's love, it's love Bartender  
Yes, I guess it's love that gets me down.

I tried and tried Bartender  
Lordy, Lordy, Lordy how I tried  
She lied, she lied Bartender  
Lordy, how that woman went and lied.

I guess it's best somehow but I'm alone  
I'm alone, I'm alone Bartender  
And I see you see it hurts to be alone.

Hey, hey, hey Bartender.  
Hey, hey, hey Bartender...
