(Dallas Frazier - Sanger D. Shafer)

How long does it take to learn to love you
Just long enough to look into your eyes
How long does it take to be a stranger
Just long enough for you to say goodbye.

Just long enough for you to love another
Just long enough for you to break my pride
How long does it take to be a stranger
Just long enough for you to say goodbye.

--- Instrumental ---

Just long enough for you to love another
Just long enough for you to break my pride
How long does it take to be a stranger
Just long enough for you to say goodbye...
