(Lester Flatt)

Oh, little girl of mine in Tennessee  
I know she's waitin' there for me  
Someday I'll settle down to that little country town  
With that little girl of mine in Tennessee.

--- Instrumental ---

Oh, a long long time ago when I left my home to roam  
Down in the hills of Tennessee  
There's the sweetest little girl that was ever in this  
world  
Down in the hills of Tennessee.

Oh, little girl of mine in Tennessee  
I know she's waitin' there for me  
Someday I'll settle down to that little country town  
With that little girl of mine in Tennessee.

--- Instrumental ---

Oh, someday I'll wander back to that little cabin shack  
Little girl that's waiting there for me  
I can see her smiling face waiting for me in the gate  
Oh, that little girl of mine in Tennessee.

Oh, little girl of mine in Tennessee  
I know she's waitin' there for me  
Someday I'll settle down to that little country town  
With that little girl of mine in Tennessee.

--- Instrumental ---

Oh, little girl of mine in Tennessee  
I know she's waitin' there for me  
Someday I'll settle down to that little country town  
With that little girl of mine in Tennessee...
