(Bobby Osborne)

Thanks for all the yesterdays
Mem'ries are all I knew anyway
They got me when I'm lonely every step of the way
Thanks for all the yesterdays.

The first time I met oh what a surprise
To feel love and to see love reflected in your eyes
But time and our love has played the biggest part
For us there's no tomorrow just a pair of broken hearts.

Thanks for all the yesterdays
Mem'ries are all I knew anyway
They got me when I'm lonely every step of the way
Thanks for all the yesterdays.

--- Instrumental ---

Thanks for all the yesterdays
Mem'ries are all I knew anyway
They got me when I'm lonely every step of the way
Thanks for all the yesterdays...
