(Bobby Osborne)

Somewhere deep in a tunnel of your mind
You hide a secret you hope I won't find
But you can't hide something I already see
Someone has hurt you and you're takin' it out on me.

Somewhere deep in a tunnel of your mind
The pain he left there keeps our love in a mind
But why should you hurt me cause I'm not that kind
But I fight his memory in a tunnel of your mind.

--- Instrumental ---

Somewhere deep in a tunnel of your mind
The pain he left there keeps our love in a mind
But why should you hurt me cause I'm not that kind
But I fight his memory in a tunnel of your mind...
