(Dorothy Sloan - Earl Sloan - Tommy Sutton)

I'm walking the floor with tears in my eyes
I can't understand dear why you ever lie
The stars in the skies have tumbled below
Now my heart it's breaking it's beating so low.

The moon would she walk here into my heart
What a wonderful meeting for two lonely hearts
You gave me your love to have and to hold
But something has happened you took the wrong road.

--- Instrumental ---

You said you would love but you would obey
But the golden rule's broken so gone your way
I lost all the fate that I've had in you
So go on away dear you could never be true.

The moon would she walk here into my heart
What a wonderful meeting for two lonely hearts
You gave me your love to have and to hold
But something has happened you took the wrong road.
