Here we are today
Everything is going down
Music's playing loud
Keep the pressure off my table

Laughing in my room
Singing the Blues
Wondering how we'll make it through
Today

Thinking I'm in love
And
You don't know it
Leaving clues
For you to notice
Haaaaaauaaa

Hope there's more to life than this
I'm sure there's more to life than just
Spinning in circles
You got me spinning in circles

Hey there little girl
Haven't seen you for some time
How's life been
Is it good, bad or what

I feel dizzy from running around
But I still fell like jumping
Up and down
Four You

Hope for a better day
Better life better grades
Better love for me to say
Here we are today

I hope there's more to life than this
I'm sure there's more to life than just
Spinning in circles
You got me spinning in circles

I want it all but not too much I wanna feel the way you
touch me
I'm the kind of guy who's always there to come and
find you

I hope there's more to life than this
I'm sure there's more to life than just
Spinning in circles
You got me spinning in circles
