He's the scum that you never want to know
He's like the flesh beneath my toe.
If there's a chance you'll ever pass me by
Lets just say you'll need an alibi.
Bit the venom into one so pure
Then took the soul without the cure

Slither snake now, slither snake snake now.

I gotta friend named karma and he told me to say.
(Slither snake now, slither snake snake now)
That your time has come, your ends are frayed.
(Slither snake now, slither snake snake now)
I gotta friend named karma and he told me to say.

She'd the skin change identity
The next victim will be me.
I think you'll get more than you bargined for
As you lay down on the floor.
And as you wake to your surprise
No legs, no arms, no cries.

Slither snake now, slither snake snake now.

I gotta friend named karma and he told me to say.
(Slither snake now, slither snake snake now)
That your time has come, your ends are frayed.
(Slither snake now, slither snake snake now)
I gotta friend named karma and he told me to say.

No legs (no legs no arms no cries)
No arms (no legs no arms no cries)
No cries (no legs no arms no cries)
No legs (no legs no arms no cries)
No arms no cries (no legs no arms no cries)

Slither snake now, slither snake snake now.

I gotta friend named karma and he told me to say.
(Slither snake now, slither snake snake now)
That your time has come, your ends are frayed.

(Slither snake now, slither snake snake now)
I gotta friend named karma and he told me to say.
