Breathing, I am fading  
I feel I am losing myself  
Wishing I could be someone I'm not  
I know somewhere there's a mirror that can show me  
who I am  
Because I, because I will never know  
Constantly bending  
Engulfed by my history

So scared  
So scared of letting go  
Beyond everything  
I wish I could be  
I am just a man  
The sun will never shine for me  
I am lost inside the meaningless

We lose control  
Like a pendulum  
I forgot where I came from  
Like a pendulum  
I forgot where I came from  
Holding on to the weight of regret  
We lose control  
Swing me back and forth again  
Like a pendulum  
(We lose control)  
I forgot where I came from  
Like a pendulum  
I forgot where I came from  
Holding on to the weight of regret  
We lose control  
Swing me back and forth again  
Like a pendulum  
(We lose control)  
I forgot where I came from

You gave and you bled  
Now I'm picking up the pieces of my broken heart  
Blocked out, my shattered glass past  
Now I'm picking up the pieces I have swept away  
Blocked out, my shattered glass past

Now I'm picking up the pieces of my broken heart  
Blocked out, my shattered glass past  
Now I'm picking up the pieces I have swept away  
Blocked out, my shattered glass past  
Now I'm picking up the pieces of my broken heart

We lose control  
Like a pendulum  
I forgot where I came from  
Like a pendulum  
I forgot where I came from  
Holding on to the weight of regret  
We lose control  
Swing me back and forth again  
Like a pendulum  
(We lose control)  
I forgot where I came from  
Like a pendulum  
I forgot where I came from  
Holding on to the weight of regret  
We lose control  
Swing me back and forth again  
Like a pendulum  
(We lose control)  
I forgot where I came from

We lose control  
We lose control  
We lose control  
Swing me back and forth again  
We lose control  
Swing me back and forth again  
We lose control
