Hail to the other guy / Unite a world you divided
Hail to the moral right / We needed you to define it

Throw the man with the beard in jail / They're all out for
blood I'm certain / And every woman and child needs a
man to decide, no she shouldn't decide on her own

You know better than I what's wrong with my life
You take me aside cuz I should reconsider...

Chorus

Would anyone like to lose their freedom
So long as we're afraid of everyone, the holy ones
Will make their faith the State
Hail the land of the free and the brave
Just as long as you live as the bible says
Life is black and it's white and there's no room for gray
There's no room for doubt today

You're no better than I / You shudder through life
You take me aside cuz I should reconsider...

Chorus
