Right at this moment
Every step I take
I'll be living a life to serve you
May I be deserving
To take the road so steep
I have a duty
And I need to go on
Lord, won't YOU take the lead?

Chorus:

As I soar high beyond the wonders of the sky
To the calling now I reply
I wanna lift my lamp wherever I stand
May it be near or far
I'm giving my heart
Lord here I am

Looking at the past I wonder
How I made it this far
Then I knew that I was never alone

Those strong hands that guided me
Love that embraced me
Now I can give myself away
Even with nothing in return
I'll never lose my life in you hand...
(Repeat Chorus)

May it be near or far
I'm giving my heart
Lord here I am..

LORD HERE I AM....
