Into each life  
A little rain must fall  
Every day can't be Sunday

Every smile isn't a  
Smile of happiness  
And every tear that's she'd  
Is not a tear of joy

I'd like to take a little time  
To dedicate this song  
To everyone who's in the  
Presence of my voice

Especially for those who have  
Loved ones far, far away  
Maybe he's across the sea  
Or maybe she's just in another town

I can imagine when you're all alone  
In the wee wee hours of the night  
You just might decide to write  
Knowing all the time  
You just can't find the  
Right words to say

You can say, darling  
Your precious love  
I give you the world  
On a silver platter  
But you know as well as I  
That that would be a lie

Now, if you'll take these  
Few lines from me  
The lover you're trying to write  
Will be such a comfort  
To your loved one

Now listen

For precious love

I'd climb the highest mountain  
I'd even go as far as trying  
To swim the deepest sea

Now listen  
Maybe this will give you a  
Better understanding of  
What I'm trying to say

For your precious love  
Means more to me  
Than any love could ever be

Before I met you  
I was so lonely and so blue  
For that's what love will do

Darling, here's what  
Our so-called friends say

They try to say  
That our love won't grow  
But I just want to tell them  
They don't know now

For as long as you  
As long as you're in love with me  
Our love will grow wider  
Deeper than any sea now

And of all the things  
All the things I ever  
Wanted to hear you say  
In this whole wide world

My, my, my, my baby  
I'm your girl

Let me holler one time  
(Your precious love)...
