Guided by the magical moon-gleam
Melt with the spectral fog
I am the Beast,
Child of Night and Evil
Dictatorial Emperor in my damned land
With a blasphemous nature

I am... The memory of a cruel past
I am... The guardian of elitist and strong values
I am... The Predator
Demonic creature pitted against lies and weakness
The Destructor of Jesus' and David's lambs

Through mystical valleys
Hear my triumphant howling
Horrific signal for the return of bestial instincts...
Announcement of supremacy...
The awaking of barbaric hordes
Sinister Druids had predicted their reign
Lunar attraction completed their prophecies...

Now
Time of Tyranny and Blood arrives
Mayhemic Hordes led by an ancestral rage
We are the Beasts,
Children of Night and Evil
Our bestial way will triumph forever...
