I remember when you first loved me
And with me was all you wanted to be
Now you've fallen in to the lie within
Seems you're too far gone to come back to me
Don't be discouraged dear one for my forgiveness
awaits your hear

Return to me
Return to me
I'm longing for the day when you will
Return to me
Return to me
Come back to me...I love you still

You defy me, yet you hide from me
Our sacred vowel broken with another choice
As your runnin'
I'm still lovin'
Seems that youd on't recognize my voice
I will continue calling, crying until you hear me say

Return to me
Return to me
I'm longing for the day when you will
Return to me
Return to me
Come back to me...I love you still

Return to...Come back to me...Come back
My voice that was so familiar to you
Don't let it fade away

Return to me
Return to me
I'm longing for the day when you will
Return to me
Return to me
Come back to me...I love you still
