close your eyes
take a step
it's ok
i know where we're going

don't fret
i've been before
through these valleys
down these long and dangerous roads
yet dark as they seem

trust me
though you can't see
you can trust me
the way may be steep
you can trust me
let me lead...trust me

open your eyes
but don't let go of my hand
let your tears give way to smiles
see the joy inside the trial

don't worry you're safe with me around
rest assured i'm on your side
i won't let you hit the ground
but close.. as it seems..

it's true that what's in front of you
isn't always clear
but you must believe it in your heart
that i'm here - i'm here!
