What about God
What about God
Where am I that I don't feel him anymore
Can a man go so far
that he doesn't feel the presence of his closest friend
What about God
What about God
Where am I that I don't see him working anymore
Can a man go so far
that he doesn't feel the presence of his closest friend
Can a man go so far
that he doesn't feel the presence of his only friend

What about God
What about God
What about God
What about God
