Down in the depths of despair  
At the gates of ever-flowing sadness  
Kingdom of darkness is there  
Funereal fog is entwined in silence

Broken hopes, empty arms  
I'm alone in the dark  
Emptiness is my faith  
Thousands of nights I'm awake

Rivers of anguish  
Blooming in red  
Fire torrid shores  
Meadows of regret

A freezing mist is touching my face  
I am forever lost in it's cold embrace

Broken hopes, empty arms  
I'm alone in the dark  
Emptiness is my faith  
Thousands of nights I'm awake
