Just come along with me into a twilight fantasy  
Our shadows fade into the night  
We'll make it easily I'll tell you what you mean to me  
I look at you I see the light  
Look at ALL these people pass us by  
I just don't understand we've got so much to give

Now the doors are open  
Tore down the Curtains!  
My direction Motion  
Once MIST now Ocean

So we're a family we understand our destiny  
All have colors in our lives  
Just come along and see Life in Musical Harmony  
It's alright to take a Ride  
Look at ALL these people pass us by  
I just don't understand we've got so much to give

Now the doors are open  
Tore down the Curtains!  
My direction Motion  
Once MIST now Ocean

Now the doors are open  
Tore down the Curtains!  
My direction Motion  
Once MIST now Ocean
