If I could see around the bend what would my heart  
wish for then  
Plant a seed and watch it grow on a path from me to  
you  
Babies grown Women and Men Teach them love  
Respect Defend  
When we've gone to meet our End Problems Go out  
with the Tide

Knowledge passed from me to you, Choose a path and  
follow thru  
And we ALL End up Together  
Actions lost but thought ring thru Repeat ourselves WE  
OFTEN do  
And we ALL End up Together

I'm a man up in the Clouds Rest up here and gather  
round  
Sing your Praises and Pretend That I'm back with you  
again  
Can I Know I've Raised You Well It's impossible to tell  
for sure  
But one day we'll meet again Ours the measure of the  
soul

Knowledge passed from me to you, Choose a path and  
follow thru  
And we ALL End up Together  
Actions lost but thought ring thru Repeat ourselves WE  
OFTEN do  
And we ALL End up Together

I Must say Goodbye my friend You must keep it all in  
check  
Climb your tree Limb by Limb Just make sure you  
balance time  
You won't be your only friend But it's easy to lose track  
of things  
Listen closely to the Wind Rhythm answers those who  
call on it

Knowledge passed from me to you, Choose a path and

follow thru  
And we ALL End up Together  
Actions lost but thought ring thru Repeat ourselves WE  
OFTEN do  
And we ALL End up Together  
We ALL End up Together  
We ALL End up Together  
We ALL End up Together  
We ALL End up Together
